

## Tehama County Groundwater Sustainability Agency Well Registration Form

### General Information

To properly adopt, implement, and administer the Basin's Groundwater Sustainability Plans (GSPs), the Tehama County Groundwater Sustainability Agency (GSA) has determined that it needs to obtain the following information from all owners and users of groundwater extraction wells within the GSA Area. As a result, the GSA requires all owners and users of groundwater extraction wells to register with the GSA no later than **March 31, 2023**.

Please complete this form carefully, to the best of your ability, and contact the GSA for assistance if needed. Failure to properly and completely register could adversely affect your property as the information in the form will be used in the implementation of the GSPs and periodic updates. Failure to properly register wells may result in increased well fees.

### Completed forms should be mailed to:

Tehama County Flood Control and Water Conservation District  
1509 Schwab Street  
Red Bluff, CA 96080

For questions or assistance in completing this form, please consult the Tehama County GSA website (<https://tehamacountywater.org/gsa/>) to view a sample well registration form. Further inquiries can be directed to Justin Jenson, Deputy Director of Public Works – Water Resources at [jjenson@tcpw.ca.gov](mailto:jjenson@tcpw.ca.gov) or 530-690-0700 ext. 201.
