

Well Registration | Community Workshops

6:00-8:00 PM - 2023

Sept 20: Flournoy Elementary School

Sept 21: Manton Fire Station

Sept 28: Los Molinos Veterans Hall

TEHAMA COUNTY

FLOOD CONTROL AND WATER CONSERVATION DISTRICT

Did you receive a well registration form in the mail?

The Tehama County Flood Control and Water Conservation District invites you to a community meeting about the new Well Registration Program and sustainable groundwater management. We're coming to you, providing the same content in three different locations across Tehama county.

The meetings will all cover:

- Overview of the County Well Registration Program
- Opportunity for Q&A
- Assistance Completing Well Registration Forms

Why is this important?

California enacted the **Sustainable Groundwater Management Act (SGMA)** in 2014, requiring local agencies to develop and implement a detailed management plan to better manage our groundwater. The Flood Control and Water Conservation District is responsible for implementing SGMA for subbasins within the County boundaries. Community understanding and input are crucial to achieve long-term sustainability.

Si se necesita los servicios de traducción para asistir al evento, o para llenar el formulario de registro de pozo, comuníquese con Nichole Bethurem a nbethurem@tcpw.ca.gov una semana antes de la reunion.

Workshop Information

Sept 20 - Flournoy Elementary

15850 Paskenta Rd, Flournoy

Sept 21 - Manton Fire Station

31200 Manton Rd, Manton

Sept 28 - Los Molinos Vets Hall

7980 Sherwood Blvd, Los Molinos

Find meeting materials at
TehamaCountyWater.org.

All workshops will cover the same content.

The September workshops will be in-person only. A webinar is planned for December.
