

**TEHAMA COUNTY**  
FLOOD CONTROL AND WATER CONSERVATION DISTRICT

## **Groundwater Commission Member Application**

The Tehama County Flood Control and Water Conservation District developed a governance proposal which includes an eleven member Groundwater Commission comprised of city and water district representatives as well as local stakeholders. The Commission will have advisory responsibilities pertaining to groundwater management in the subbasins or portions thereof for which the District has been designated as the Groundwater Sustainability Agency.

Agencies representing larger groundwater pumpers (City of Corning, City of Red Bluff, City of Tehama, El Camino Irrigation District, Los Molinos Community Services District, and Rio Alto Water District) in Tehama County will have an established seat on the Commission.

There shall be one representative to the Commission from each Supervisorial District. The County Board of Supervisors shall appoint the representatives upon recommendation from the respective Supervisor from each District. No two members should be officers, employees, or agents of the same agency, special district, or public or private corporation.

The Commission would benefit from representatives with the following:

- knowledge of SGMA
- knowledge of Tehama County Groundwater Sustainability Plans
- knowledge of local groundwater issues,
- commitment to cooperative solution development
- an interest in the preservation, protection, and enhancement of the groundwater in Tehama County.

Applications are being solicited for the following representatives:
