

## Section 1 – Contact Information

### 1-A1. Property Owner

Legal First Name:\* \_\_\_\_\_

Legal Last Name:\* \_\_\_\_\_

Phone Number (please use format of xxx-xxx-xxx): \_\_\_\_\_

Email Address (please print in ALL CAPS): \_\_\_\_\_

### 1-A2. Property Location Information

Street Address:\* \_\_\_\_\_

City/Town:\* \_\_\_\_\_

Zip Code:\* \_\_\_\_\_

## Section 2 – Water Source

### 2-A1. Does the parcel use groundwater from an onsite well?\*

- Yes If yes, please skip to Question 2-B1
- No If no, please answer the next question below (2-A2)

### 2-A2. Does the parcel use water from a Public Water System?

Municipal, mutual, or private water company servicing the parcel

Yes

If yes, please provide the name of the Public Water System:

\_\_\_\_\_

If you answered "Yes" above, you are done! Please mail/submit your completed form to 1509 Schwab Street, Red Bluff. Thank you very much for your time!

---

**(Continued from 2-A1) The parcel does use groundwater from an onsite well:**

**2-B1. How many active wells are on the parcel\*? \_\_\_\_\_**

**2-B2. Is/are the well(s) metered?**

A meter measures the amount of groundwater pumped.

Yes       No

**2-B3. How many inactive or inoperable wells are on the parcel\*? \_\_\_\_\_**

Wells that are not currently used to pump groundwater.

## Well Attributes

Questions 2-B4 through 2-BExample table to help track multiple well attributes:

Well name or number	Depth	Date Installed	Location	Diameter	Meter (yes/no)	Active (yes/no)

**2-B4. What is the depth (in feet) of the well(s) on the parcel? \_\_\_\_\_**

If unknown, leave blank.

**2-B5. What is the diameter (in inches) of the well casing?\* \_\_\_\_\_**

How to Measure Your Well Casing Diameter: Place the end of your measuring tape on one side of the pipe and measure to the opposite side so that the tape evenly bisects the pipe.

**2-B6. Where on the parcel is the well located?**

Please describe the location or attach a site map or aerial photo of the parcel with active well locations marked.

---

**Monitoring provides important data that serves as a key input into decision-making processes. Groundwater monitoring could:**

- Track changes in groundwater levels
- Identify existing or potential changes in flow due to groundwater withdrawal
- Assess the effects of drought, surface water flow, and rainfall on groundwater levels

**2-B7. Would you be willing to have your well(s) monitored (depth to water in well) to better understand aquifer levels in your area?**

Yes       No       Undecided

**2-B8. Does the parcel use groundwater from a shared well on a nearby parcel?**

Yes If yes, what is the APN or address of the nearby parcel? \_\_\_\_\_

No

**2-C1. Does the parcel use surface water from a reservoir, stream, or other surface water diversion?**

Water on or collected from the surface of the ground, in contrast to water from underground. Surface water may be in or from lakes, streams, etc.

- Yes- **If yes, please answer Section 2-C2 through 2-C5.**
- No - **If no, please skip to Section 2-D1.**

**2-C2. How much surface water is used each year?** \_\_\_\_\_

**2-C3. Would you be willing to consider using excess surface water for the purpose of groundwater recharge?**

- Yes
- No

**2-D1. Does the parcel use recycled water?**

- Yes **If yes, please answer the below Section 2-D2. and 2-D3.**
- No **If no, please skip to Section 3**

**2-D2. What is the name of the recycled water supplier?**

\_\_\_\_\_

**2-D3. How much recycled water is used each year?** \_\_\_\_\_

## Section 3 – Water Use

Measured or estimated groundwater use may be used to assess a Future Groundwater Sustainability Fee. The data collected through this survey will not automatically be used to estimate groundwater use for fee assessment purposes.

### Residential / Household Water Use

**3-A1. Are there residential dwellings on the parcel?**

- Yes - **If yes, please answer Section 3-A2. through 3-A4 below.**
- No - **If no, please skip to Section 3-B1.**

**3-A2. How many residential dwellings are on the parcel?** \_\_\_\_\_

Number of households on parcel.

**3-A3. What is the primary source of water for residential use?**

- Onsite Well
- Other
- Shared or Offsite Well
- Surface Water

**3-A4. If residential water use is based on a water meter reading or an invoice, please provide the annual usage.** \_\_\_\_\_

If unknown, leave blank.

## Landscape Irrigation Water Use

### 3-B1. Is water used for landscape irrigation?

- Yes **If yes, please answer Question 3-B2 below.**  
 No **If no, please skip to Question 3-C1.**

### 3-B2. What is the primary source of water for irrigated landscape?

- Onsite Well                       Public Water System                       Other  
 Shared or Offsite Well                       Surface Water

## Agricultural Irrigation Water Use

### 3-C1. Is water used for agricultural irrigation?\*

- Yes **If yes, please answer Questions 3-C2 through 3-C8 below.**  
 No **If no, please skip to Section 3-D1.**

### 3-C2. What is the primary source of water for agricultural irrigation?

- Onsite Well                       Public Water System                       Recycled Water  
 Shared or Offsite Well                       Surface Water  
 Other

### 3-C3. Estimate the amount of water used each year from the primary source.

If unknown, leave blank.

---

### 3-C4. Is agricultural water use based on water meter readings or an invoice?

- Yes                       No

### 3-C5. What is the secondary source of water for agricultural irrigation?

- Onsite Well                       Public Water System                       Recycled Water  
 Shared or Offsite Well                       Surface Water                       Other  
 No Secondary Source

### 3-C6. Estimate the amount of water used each year from the secondary source.

If unknown, leave blank.

---

### 3-C7. a. Is secondary source use based on water meter readings?

- Yes                       No

**b. Is secondary source use based on an invoice?**

- Yes       No

**Crop Area Information**

**3-C8. Please provide the number of acres and crop type below (this includes irrigated pasture):**

<b>Crop</b>	<b>Area (acres)</b>

**Commercial, Industrial, Institutional, or other Non-Residential Use**

**3-D1. Is water used for commercial, industrial, or other non-residential use?**

- Yes **If yes, please answer Section 3-D2 through 3-D7 below.**  
 No **If no, please skip to Section 4.**

**3-D2. Select the category that best describes the use:**

- Commercial       Government       Industrial  
 Institutional       Manufacturing       Office Space  
 Public Assembly       School       Other

**3-D3. Briefly describe the primary use of the operation.**

e.g. restaurant, charter school, bank, veterinary hospital

---

**3-D4. What is the primary water source for commercial, industrial, institutional, or other non-residential use?**

- Onsite Well       Shared or Offsite Well       Public Water System  
 Surface Water       Recycled Water       Other

**3-D5. Estimate the total number of gallons of water used each year for commercial, industrial, institutional, or other non-residential use.**

If unknown, leave blank.

---

**3-D6. a. Is water use based on water meter readings?**

Yes       No

**b. Is water use based on an invoice?**

Yes       No

**3-D7. Briefly describe the primary use of water:**

e.g. drinking and other potable uses, cleaning and sanitation, dust suppression.

---

---

## Section 4 – Additional Comments/Information

### 4-A1. Do you have any concerns about groundwater or your well?

If so, what are they? e.g. decreased water level, contaminants, dry, etc.

---

---

### 4-A2. Please enter any additional comments or information regarding your groundwater use that you would like to provide.

---

---

### 4-A3. Please attach any supporting information you consider relevant.

e.g. Site map with well locations, well construction records, well pump test records, statement from retail water supplier, well number, etc.

---

---

Thank you for your time!

Your participation will help protect Tehama County's Groundwater resources!
